

## Cholesterol, Atherosclerosis and Coronary Disease in the UK, 1950-2000: v. 27

Filesize: 7.83 MB

### ***Reviews***

*Excellent electronic book and helpful one. It usually does not cost a lot of. I am quickly will get a pleasure of reading through a written publication.*  
*(Bernardo Feeney Jr.)*

## CHOLESTEROL, ATHEROSCLEROSIS AND CORONARY DISEASE IN THE UK, 1950-2000: V. 27

Wellcome Trust Centre for the History of Medicine at UCL, United Kingdom, 2006. Paperback. Book Condition: New. 230 x 186 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Cholesterol began to be accepted after the Second World War as a significant cause of atherosclerosis and associated conditions, such as coronary heart disease (CHD). This Witness Seminar, chaired by Professor Michael Oliver, discussed the increasing understanding of its basic science. Early epidemiological studies demonstrated the relationship between excess saturated fat consumption and elevated levels of cholesterol, although cholesterol alone did not explain all population differences among gender, class, or heritage. Work on lipoprotein metabolism pointed to the establishment of hypercholesterolaemia as a major risk factor for CHD, culminating in the development of cholesterol-lowering drugs, particularly the successful statins, available in the UK from the early 1980s, and confirmed by randomized controlled trials. The role of diet in heart disease has remained controversial in the UK, notwithstanding the food industry's introduction of functional foods such as cholesterol-lowering margarine. Later, recommended limits on the composition of dietary fat were agreed, and although extreme diets could reduce cholesterol, patient conformity remains difficult. Appendices on the diet-heart hypothesis and the development of lovastatin complement the transcript. Contributors include Professor David Barker, Professor John Betteridge, Professor Gustav Born, Professor Richard Bruckdorfer, Professor George Davey Smith, Professor Paul Durrington, Professor David Galton, Dr Arthur Hollman, Professor Steve Humphries, Professor Gordon Lowe, Professor Vincent Marks, Dr Paul Miller, Professor Jerry Morris, Professor Chris Packard, Professor Stuart Pocock, Professor Kalevi Pyörälä, Professor Thomas Sanders, Professor James Scott, Dr Elspeth Smith, Professor Anne Soutar, Professor Gilbert Thompson, Professor Hugh Tunstall-Pedoe, Professor Neville Woolf and Professor John S Yudkin. [251 words].
