The Adventurer Attacks: (Black White)

By Geniuz Gamer

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Einstein s theory of relativity reminds me of the peasant who asks the engineer how his steam engine works. The engineer explains how the steam goes through the engine, driving the piston up and down and turning the wheels, then the peasant says, Yes, I understand all that, but where s the horse? Victor Weisskopf Since its publication in 1916, Relativity has captured the public s imagination like no other theory in science. But the real joy of physics comes from understanding, and yet you could read any of the popular explanations written by physicists in the past 100 years and the likelihood is you will not understand. Einstein s Beetle is different. Disguised as a fun and intriguing adventure story, this unique book bridges the gap to the physicist in a way that has never before been achieved to provide the lay reader and young student with an exceptional understanding of the physics. It succeeds because the best person to explain something to a peasant is another peasant who understands. With an expertise...
