

Touching Stones, Turning Tables and Crying in the Rain

By Marque M. Jensen

Dog Ear Publishing. Paperback. Book Condition: New. Paperback. 144 pages. Dimensions: 8.5in. x 5.4in. x 0.5in. This book is a unique work for a post-modern era where people are more interested in seeking compass settings for their own journey rather than a road map of steps or an academic expose on multi-culturalism. TS, TT, and CR is a thematic collection of true stories from a multi-cultural community in urban America. These poignant, yet messy, examples of life in Beloved Community are punctuated by hip-hop poetry, many of which the author has also performed as spoken word. It is not intended as memoir or biography, but as companion for others on the journey. The purpose of this book is two-fold: first, to share the lessons and experiences in this multi-cultural community, secondly, to create conversation starters for persons of all races who are on the journey to building Beloved Community. There are discussion questions at the end of each section to facilitate group or individual reflection. The poetry sections do not have questions as the author hopes the readers own imagination and inquisitiveness will spark conversation and thought. The authors blog Building Beloved Community provides a forum for questions and follow-up articles...
