

Together in the Space Between: Science and Religion in Process

Filesize: 7.65 MB

Reviews

It is one of my personal favorite ebooks. It is probably the most awesome publication I have read through. You won't really feel monotony at anytime of the time (that's what catalogs are for regarding in the event you check with me).

TOGETHER IN THE SPACE BETWEEN: SCIENCE AND RELIGION IN PROCESS

[DOWNLOAD](#)

AUTHORHOUSE, United States, 2015. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.In *Together in the Space Between*, author Greg Kinsch compiles information from various disciplines not usually seen as compatible by postindustrial modern man. It discusses how the world and universe operate and how that knowledge can be used to help move the human species toward peace on earth. He begins with the premise that current paradigms won't work in the coming years because the exponential growth and decay that underlie their functioning is unsustainable. He goes on to say that our product-based way and view of life has had a devastating effect on our understanding of process in our lives. Kinsch goes to the root of the problem and discusses: How the workings of our brain show our perceptions may be unreliable and we may have some control over our own perceptions of happiness The phenomenon of near-death experiences and why they occur more frequently in the modern age Why man is progressing toward a higher consciousness and that these experiences are part of the evolutionary process The zero-point field, a part of quantum physics showing that what seems impossible is capable of being studied and researched World religions and the role they've played in the world to this point After admitting the failure of religion to remain open to truth in others, *Together in the Space Between* offers hope through Kinsch's unique interpretation of the Eucharist. He offers a survival guide to adapt to the changes that need to be made and are certainly coming.
