

Applied Statistics for Economics and Business: 2016 (2nd Revised edition)

Filesize: 5.91 MB

Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).

(Lorenz Vandervort)

APPLIED STATISTICS FOR ECONOMICS AND BUSINESS: 2016 (2ND REVISED EDITION)

DOWNLOAD

Springer International Publishing AG. Hardback. Book Condition: new. BRAND NEW, Applied Statistics for Economics and Business: 2016 (2nd Revised edition), Durmus Ozdemir, This textbook introduces readers to practical statistical issues by presenting them within the context of real-life economics and business situations. It presents the subject in a non-threatening manner, with an emphasis on concise, easily understandable explanations. It has been designed to be accessible and student-friendly and, as an added learning feature, provides all the relevant data required to complete the accompanying exercises and computing problems, which are presented at the end of each chapter. It also discusses index numbers and inequality indices in detail, since these are of particular importance to students and commonly omitted in textbooks. Throughout the text it is assumed that the student has no prior knowledge of statistics. It is aimed primarily at business and economics undergraduates, providing them with the basic statistical skills necessary for further study of their subject. However, students of other disciplines will also find it relevant.
